Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

INTRODUCTION AND GENERAL INDEX

R. L. POLK & CO., publishers of more than 1,300 city, county, state and national Directories, present to subscribers and the general public, this, the 1966 edition of the Ames City Directory, which also includes Cambridge, Collins, Colo, Fernald, Gilbert, Huxley, Kelley, Maxwell, McCallsburg, Nevada, Roland, Slater, Story City, Zearing and the Taxpayers of Story County.

Confidence in the growth of Ames' industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Ames to the world.

The enviable position occupied by R. L. POLK & CO'S Directories in the estimation of the public throughout the country has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Ames Directory will fulfill its mission as a source of authentic information pertaining to the community.

Nine Major Departments

The nine major departments are arranged in the following order;

I. THE BUYERS' GUIDE consitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of Ames and Nevada, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the communities. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In busy and diversified communities like Ames and Nevada, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns of Ames is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Ames, and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, for Ames, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names

of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY for Ames is the fourth major department, printed on blue paper.

V. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns of Nevada is the fifth major department, printed on white paper.

VI. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE for Nevada, is the sixth major department, printed on green paper.

VII. THE NUMERICAL TELEPHONE DIRECTORY for Nevada is the seventh major department, printed on blue paper.

VIII. THE STORY COUNTY DIRECTORY, covering the small towns of the county, is the eighty major department, printed on white paper.

IX. THE STORY COUNTY TAXPAYERS DIRECTORY is the ninth major department, printed on white paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference and serve as perpetual and reliable advertisements of Ames and vicinity.

The Ames Directory Library

Through the courtesy of the publishers of the Ames City Directory a Directory Library is maintained in the offices of the Ames Chamber of Commerce, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the United States, Canada and Puerto Rico by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

The principal work of the National Animal Disease Laboratory, a facility of the U. S. Department of Agriculture located in Ames, Iowa, is research on the principal diseases of livestock that occur in the United States. About 20 % of the facilities, however, are used to provide laboratory diagnostic services for some of the Department's disease-control field programs and for the regulation and control of biological products made and sold in inter-state trade by private commercial companies.

Currently research projects are under way on 21 major subjects and a number of minor ones. These include the most important diseases of cattle, swine, sheep and poultry. Some attention is given to horses and minor species of domesticated animals.

The laboratory was nearly enough completed to allow work to begin about July 1, 1961. The staff has gradually been augmented as the program has been developed. At present the staff consists of 121 professional and scientific workers and 305 sub-professional and non-professional employees, a total of 426 persons.

The National Animal Disease Laboratory

The total cost of constructing the laboratory was about $16,000,000 and the annual operating budget is in excess of $5,000,000.

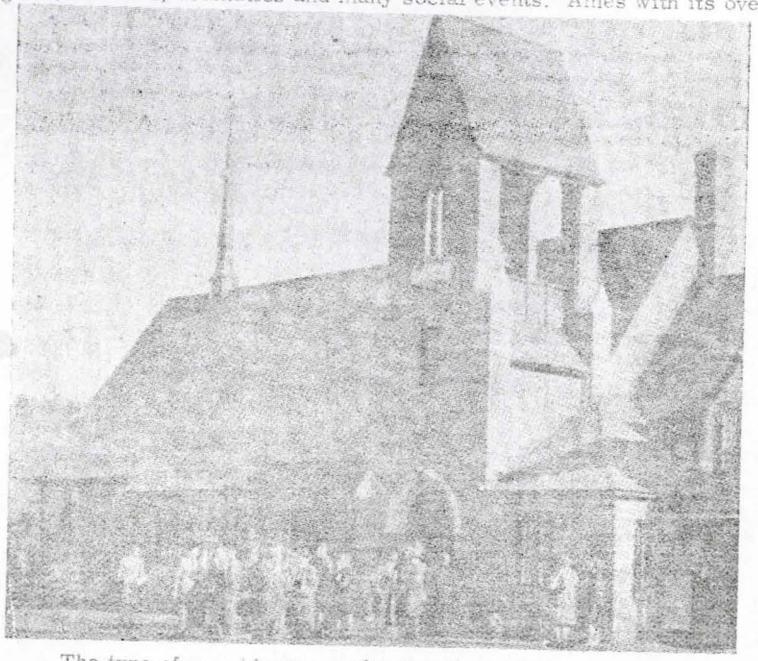

The laboratory is located on Dayton Road on a 318-acre site a little east and north of the Ames city limits. From downtown Ames it may be easily reached by proceeding east on Highway U. S. 30 to Dayton Road thence northward, or by going northward on Highway U. S. 69 to 13th Street, thence east to Dayton Road and then northward. Special direction signs have been erected on both main highways to indicate the turn-off points.

Iowa State University of Science and Technology

Iowa State University of Science and Technology was founded in 1858, 12 years after Iowa became a state.

Colleges within the University are Agriculture, Engineering, Graduate, Home Economics, Sciences and Humanities and Veterinary Medicine.

A federal land grant institution, Iowa State has a three-fold function:

1. Resident instruction on both the undergraduate and graduate levels.
2. Extensive programs of research.
3. Extension service in agriculture, engineering and home economics.

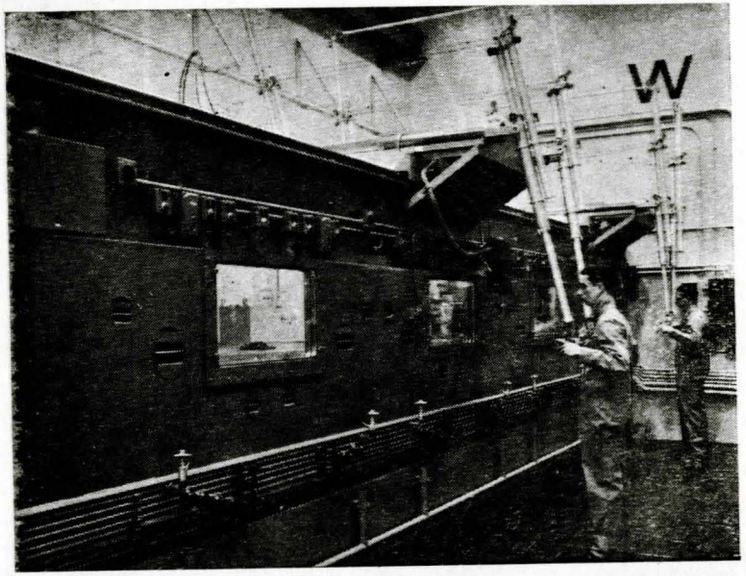

The research facilities of the University include the Agriculture and Engineering Experiment Stations, the Institute for Atomic Research, the Industrial Science and Veterinary Medical Research Institutes and the Statistical Laboratory.

The United States Atomic Energy Commission has a major laboratory for basic research on campus, operated as an integral part of the Institute for Atomic Research.

University enrollment for the fall quarter, 1964, was 12,451. The University staff of 4,316 includes:

Instructional personnel including deans and directors	1,283
Graduate assistants	858
County extension directors, home economists and youth assistants	275
Clerical, maintenance and service personnel	1,900

University land in Ames and throughout the state totals 7,540 acres with 986 acres in the main campus and recreation areas. The land is valued at $1,466,131.

From a Memorial Union window, a co-ed looks at the Stanton Memorial Carillon. A memorial to Margaret McDonald Stanton, first dean of women and her husband, Edgar W. Stanton, who served the University for 50 years, the carillon has 49 bells with a new keyboard large enough to accommodate 53 bells. Carillonneur Ira Schroeder gives regular concerts just before 8 a.m. each week day and shortly after 1 p.m. Longer concerts are performed on special occasions.

The Iowa State Highway Commission

The Iowa State Highway Commission was created in 1904 as a function of the Engineering Division of Iowa State University. In 1913, it was established as an independent department of the state government, and a three-member commission was appointed, which in turn employed the first chief engineer.

The office at Ames is the headquarters for the state. In addition, there are six districts, 25 resident construction offices and 24 resident maintenance offices located throughout the state. These field offices play an important role planning, construction and maintenance on the state's primary system, and in promoting good relations between the Commission and the public.

Central offices of the Iowa State Highway Commission in Ames, completed in 1961.

The Highway Commission is responsible for 8,793 miles of rural primary highways, 1,101 miles of primary extensions in cities and towns, 204 miles of state park and institution roads and joint control with the 99 boards of supervisors over 90,614 miles of secondary roads.

The annual business in fiscal 1963-64 totaled $105,092,291 for primary roads and $25,925,061 on farm-to-market roads. Since the first law was enacted in 1917, accepting federal aid, $1,876,981,257.36 has been spent on the primary road and farm-to-market road systems under the Commission's supervision.

The Commission employs 3,400 engineers, administrative assistants and maintenance men in all of its departments. About 850 are located at Ames.

The Commission, on request, renders engineering assistance to various other state departments. This includes the making of surveys and preparation of plans and general supervision of construction and maintenance of public highways upon or adjacent to lands belonging to the state at the various educational, charitable and penal institutions, and at state parks, engineering assistance to the executive council on street improvements on the adjacent to the capitol grounds, assistance to the National Guard on projects in connections with the National Guard camp, various other technical matters which may come before such other state departments.

AMES PUBLIC SCHOOLS

With modern, well-equipped school buildings and with modern educational philosophies and practices, the Ames Public Schools offer a splendid opportunity for the education of the children of the city. The school plant comprises sixteen buildings, with a present total new replacement value of $8,893,348. This plant includes the new Senior High School; the downtown Central Junior High School building and its splendid auditorium and gymnasium facilities; the Welch Junior High; the Beardshear, Crawford, Edwards, Lincoln, North Grant, Meeker, Roosevelt, Sawyer and Willson Elementary Schools.

Three projects are now in the construction or planning stage. A stadium with a well lighted football field and an all weather Grasstex track will be completed for use in the fall of 1965. Connected with the stadium will be a high school gymnasium and a joint city-school recreation building housing a 75' x 75' swimming pool as soon as construction can be completed, sometime in 1966. A new elementary school is being built in north Ames near Twentieth Street and Northwestern to serve the children in that area.

Pupil enrollment in January 1965 was 5,333. The teachers and other professional staff numbers 271. There are 62 other personnel secretaries, cafeteria ladies, and custodians. The Ames schools have a fine staff of supervisors who give guidance in the curriculum areas at all levels.

Prior to the projects mentioned above and during the past twelve years seven different bond issues were successfully carried to authorize the construction of three new elementary schools, additions to five elementary schools, remodeling of the junior high school facilities and a new Senior High School. There were a total of 54 elementary classrooms with related facilities and 45 secondary classrooms in these construction projects. The new Senior High School has been constructed a unit at a time as funds permitted on a beautiful, spacious 74-acre site. An auditorium is to be built sometime after the projects underway there now have been completed. Some additional well-located sites are being acquired upon which to build more schools to meet the needs of the growing enrollment. While the enrollment of the Ames Public Schools has been increasing by about 250 children each year, the average teaching load has been kept below 30 children per teacher by providing additional classroom space and more teachers.

Conclusion

From the foregoing factual data, it can be seen that Ames offers many advantages--social, economic, educational. It has an exceptionally high health rating; it is a city of beautiful homes, situated in one of the fairest states in the land, in the heart of the world's wealthiest agricultural region. Ames possesses virtually every element vital to the social and economic welfare and personal happiness of the individual, and every element of success for the small business or small industry.

Ames is truly a CITY OF OPPORTUNITY.

YOU'LL LIKE AMES

This publication is the product of a member of...

aNa DP* 1898

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organization and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

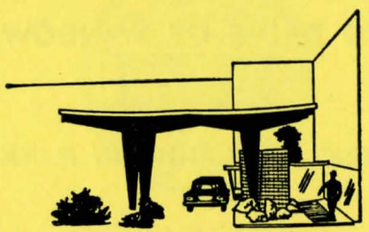

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

PLEASE! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100 PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000 PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

Know Your Directory SYMBOLS

"r" AND "h"

Two important symbols are used in your City Directory. The symbol "r," before an address stands for "Resident." That person resides at that address but is not the head of the family or family head. The symbol "h" stands for "Householder"—the person in whose name the home is occupied.

WHY A BUYERS' GUIDE?

IT IS CUSTOMARY TO INCLUDE A BUYERS' GUIDE IN THE CITY DIRECTORY BECAUSE:

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

Use Our Library of Out-of-Town City Directories

A complete library of out-of-town City Directories is maintained especially for the reference use of our subscribers. We invite you to consult this library of up-to-date Directories when in need of names, addresses, and other information about firms and individuals in other cities.

This is a part of our service to local City Directory users

Never Argue with the UMPIRE!

Who has the final say at the ball game?

The umpire, of course.

You never have to argue circulation claims with the Ames Daily Tribune because its paid circulation figures are verified by regular audits of the Audit Bureau of Circulations.

CAUTION . . . .

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

SERVICES
of R. L. Polk & Co.

CITY DIRECTORIES

Polk City Directories are published regularly for more than 1,300 North American cities. Each Polk Directory is the one complete inventory of residents and businesses in the community for which it is published. The facts compiled for a City Directory include the name, address, occupation and marital status of each resident; the name, address, ownership and classification of each business. The vast fund of information in a Polk Directory helps bring together buyers and sellers, facilitates credit, speeds deliveries and communication and stimulates business generally. Polk also cooperates in maintaining City Directory Reference Libraries in cities throughout the United States and Canada.

MARKETING SERVICES

Polk offers a full range of services to help businesses increase their sales volume. One of Polk's principal services is custom-produced selective mail advertising for many of the nation's leading advertisers. Other services include: Mailing and prospect lists, couponing and sampling, data processing services, publishing of controlled-circulation magazines, contest administration, fulfillment services, consumer and market research, warehousing and shipping, creative services and fulfillment services.

AUTOMOTIVE STATISTICS

Polk has served as statistician for the automotive industry for more than 40 years. Polk's total count of cars, trucks, motorcycles and trailers, by make and year model, is the only annual inventory of the nation's wheeled population. Polk's new car and truck reports furnish manufacturers and dealers with regular capitulations of all sales for each territory. To produce these statistics, Polk maintains one of the largest electronic data processing installations in the country. By using Polk statistical services, American business can plan intelligently its production, distribution and sales.

BANK DIRECTORY

Published semi-annually, Polk's Bank Directory is recognized as the outstanding reference book in the financial world. The directory carries detailed information on each of the nation's banks, showing officers, directors, branches, statement and other data. The book also includes a Summary of United States Banks, charts and statistics and a listing of governmental banking agencies and banking organizations. Polk also offers financial institutions a portfolio of marketing, advertising and research services.

STREET and AVENUE GUIDE
INCLUDING
TELEPHONE NUMBERS and HOME OWNER SYMBOLS

1966

Copyright, 1966, by R. L. Polk & Co.

IN THE FOLLOWING LIST THE NUMBERED STREETS ARE ARRANGED IN NUMERICAL ORDER FOLLOWED BY THE NAMED STREETS IN ALPHABETICAL ORDER, THE INTERSECTING STREETS BEING SHOWN. THE NUMBER OF EACH BUILDING ON THE STREET IS GIVEN IN NUMERICAL ORDER, AND OPPOSITE THE NUMBER IS PLACED THE NAME OF THE OCCUPANTS OR HOUSEOWNER OR TENANT. IN THE BUSINESS BLOCKS CONTAINING OFFICES THE OCCUPANTS ARE SHOWN BY ROOM NUMBERS WHERE PRACTICABLE, IN APARTMENT HOMES THE NUMBER DENOTES THE NUMBER OF THE APARTMENT. IN ALL STREETS BOTH SIDES OF THE STREET ARE INCLUDED IN ONE LIST. THE PROFESSION OR BUSINESS OF INDIVIDUALS OR FIRMS IS GIVEN ONLY AT THEIR RESPECTIVE PLACE OF BUSINESS; TO FIND OCCUPATION OF OTHERS REFER TO ALPHABETICAL LIST OF NAMES.

THE SYMBOL © FOLLOWING A HOUSEHOLDER'S NAME INDICATES THAT WE HAVE RECEIVED INFORMATION DURING THE CANVASS THAT THE HOUSE IS OWNED BY SOME MEMBER OF THE FAMILY, BUT AS THE PUBLISHER CANNOT AND DOES NOT GUARANTEE THE CORRECTNESS OF THE INFORMATION FURNISHED, NOR THE COMPLETE ABSENCE OF MISTAKES NO RESPONSIBILITY FOR ERRORS CAN BE OR IS ASSUMED, NOR CAN THE PUBLISHER FURNISH FURTHER INFORMATION THAN THAT SHOWN.

TELEPHONE NUMBERS, AS SUPPLIED TO US ON OUR CANVASS ARE SHOWN OPPOSITE NAMES.

(THIS SECTION INCLUDES SOME LISTINGS READING "NO RETURN." IN EACH CASE THE PUBLISHERS TRIED DILIGENTLY, BY VARIOUS MEANS, TO OBTAIN THE INFORMATION FOR THE OCCUPANTS BUT WERE UNSUCCESSFUL. FIRST, TWO PERSONAL CALLS WERE MADE BY AN ENUMERATOR; NEXT, A DOUBLE POSTAL CARD WAS MAILED AND THE TELEPHONE USED WHEN POSSIBLE.)

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no books were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for THREE HUNDRED and FIVE days, therefore 1000 x 3½ x 305 = 1,067,500.

CONSULTATIONS OR CIRCULATION CONSULTED

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1 An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2 A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3 A *Classified Business Directory*—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4 A *"Yellow Section" or Buyers' Guide,* where the advertiser may explain in greater detail the services or products he has to offer.

5 A *Statistical and Historical Story* of your city; plus miscellaneous other information.

A STATEMENT OF ADVERTISING PRINCIPLES

1. Good Advertising ~ aims to inform the consumer and help him to buy more intelligently.

2. Good Advertising ~ tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. Good Advertising ~ conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. Good Advertising ~ recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

Statistical Review

Location—In the geographic center and the county seat of 50,000 population Story County. Bisected by U. S. Highway 30 and on the main line of the Chicago and Northwestern and on the Rock Island railroad running from the Twin Cities to Kansas City. Excellent bus service all directions with good connections for motor freight deliveries.

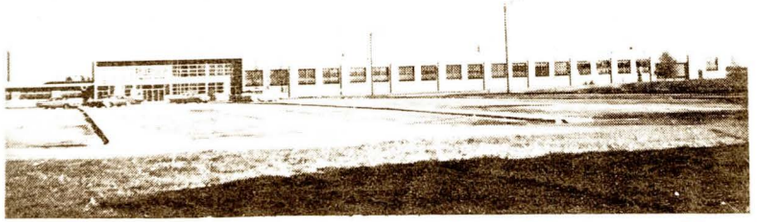

Housing has boomed in Nevada. A population growth from 3,750 to 4,230 in 10 years has seen two new "additions" fill with modern homes like these in southeast Nevada. Two additions are being completed now.

Agricultural Wealth—Nevada is located nearly in the geographic center of the state and centers one of the greatest agricultural areas in the world. The County Extension office is located here with all the activities of a scientific and educational program for Story County farmers and their children. There is also the ASC office, administering government programs for Story County agriculturalists, and the SCD department, handling conservation projects on county farmlands. In 1960 Story County raised 10,867,733 bushels of corn.

Weather—Rainfall averages 35 inches per year.

Municipal Bonded Debt—$142,000 general obligation bonds (Jan. 1, 1962).

Trade Area—Farmers' trade center for greater part of Story County.

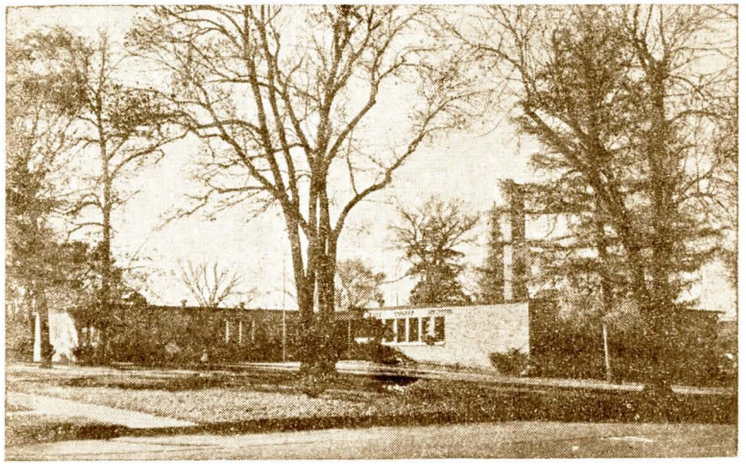

Nevada's Reuben H Donnelley plant employes 500 persons and in peak operation twice that number. It is the town's largest employer and experts a tremendous force in Nevada's community life.

Utilities--Natural gas, Iowa Electric Light and Power Company, city water, 220 blocks of paved streets, new $257,000 sewage disposal plant put in operation September, 1962.

Business--Approximately 165 retail establishments, 17 industries; 2 banks with deposits of about $11,000,000, plus Nevada Federal Home Loan and National Farm Loan establishments; Reuben H Donnelley Corp. plant employing 500 persons; General Telephone system serving six communities; Continental Sales Co., manufacturer of fertilizer blending plants; Graphic Forms, employing 100, printing sales forms; Continental Fertilizer; and the Nevada Brick and Tile Factory; Municipal Airport. Only eight miles from multi-million dollar National Animal Disease Laboratory. One modern hotel and two motels. Two cabin and trailer camps. Federal Post Office is one of the largest in the U. S. for community of 4,300 people. Community served by six-day daily newspaper with a circulation of 4,100.

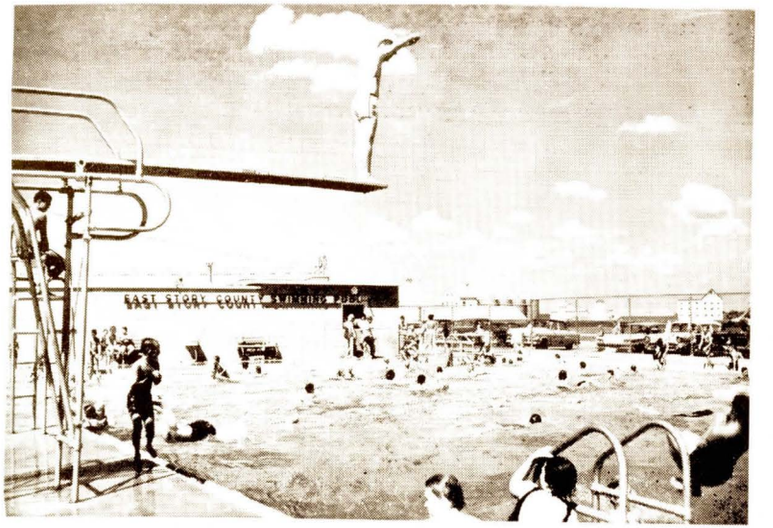

Health--Community has three medical doctors, one osteopath and two chiropractors. Nevada is the site of a $400,000 county hospital built in 1951 and recognized as one of the most modern and efficient for its size in the United States.

The Story County Hospital in Nevada, modern $400,000 structure erected in 1951.

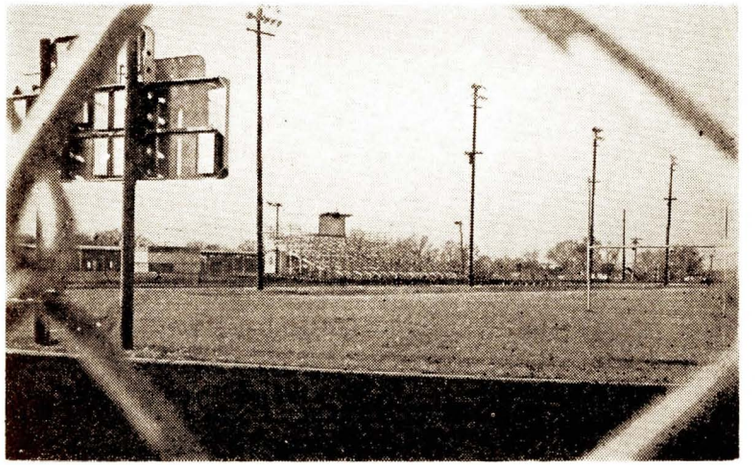

Recreation--Lighted baseball park, field house, football field, summer softball leagues, three gymnasiums, motion picture theatre, country club and grass green golf course, $75,000 swimming pool completed in 1957, new $300,000 community building slated for completion in spring, 1963 two tennis courts and an outdoor basketball court to be used for ice skating in winter to be built soon. Two beautiful parks supplement city recreational assets and a continuous program of improvement is handled by the City Park Board,

Social Organizations--Rotary, Lions, Wa-tan-ye, Soroptimist, Toastmaster International, Women's Club groups, Hiking and Camping Associations, Boating Club, Boys and Girls Scouts, Brownies and Cubs, Golden Age Club, VFW, Newcomers Club, American Legion and Auxiliaries, Rebecca, Masonic, Odd Fellow Lodges, Eastern Star and two restricted membership study clubs.

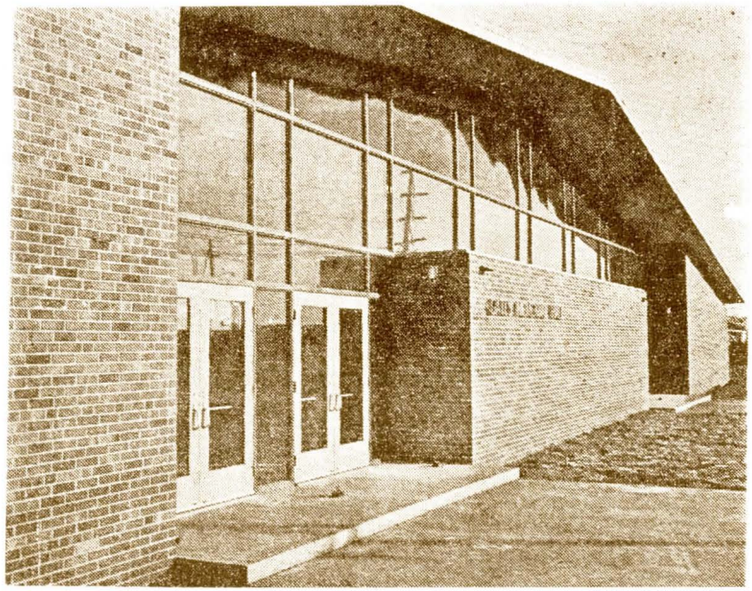

Nevada's new (1957) swimming pool was built with $75,000 in donated money. Kids from all over East Story County come here to take part in summer Red Cross water safety programs and just to have fun.

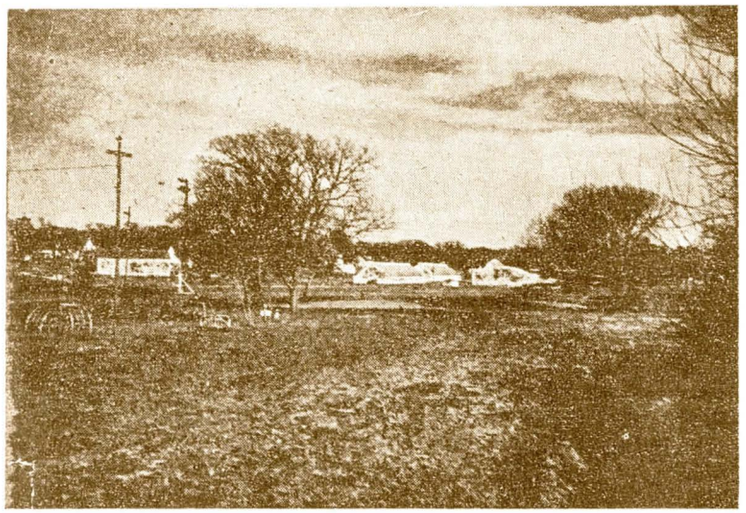

Education--A new $650,000 high school was completed in the summer of 1962, highlights several years of growth into the strongest and most centrally located system in the county. An enrollment of 1,485 was registered in 1962, with 398 in the three-year senior high school. A new $200,000 elementary school was built in 1955. The Seventh Day Adventist Church also operates a high school in Nevada with about 140 pupils attending Oak Park Academy and an S.D.A.

A new football and track field was added in 1963 with the new high school facilities. It is equipped with lights and an electric score board to take care of all games, day or night. Permanent bleachers give adequate space for large crowds.

Through the generosity of Mabel Gates Wadsworth, Nevada was named beneficiary at her death and Gates Memorial Hall became a reality. With a large auditorium, a capacity of 800, an ultra modern lobby and ticket office, and two separate meeting rooms, this building serves any and all community activities.

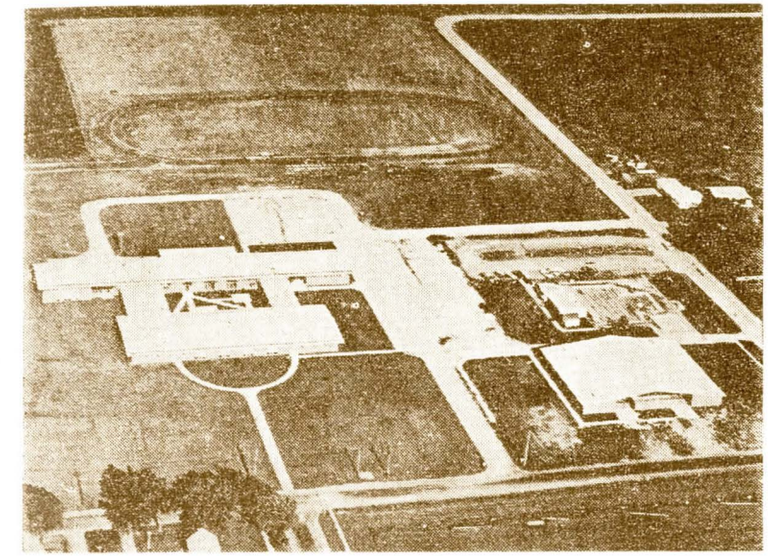

City Park Board funds have helped turn Nevada's 4-H grounds into a summer recreational park for children and adults. West Indian Creek meanders down along the south edge of the grounds. In late summer Story County youngsters use the barns for a big 4-H fair.

Parochial grade school. The City maintains an excellent library within excess of 9,000 volumes.

Fire Protection--A Highly-trained volunteer unit with a full-time paid chief. It operates city and rural units equipped with two-way radio. Fire loss is extremely small.

A recently completed economic survey of the twelve township trade areas of Nevada is guiding the retail community to growth through better service . . . an indication that the town's 19 per cent population growth in the last ten years will be sustained in the coming years by an active and alert citizenry anxious to maintain Nevada's reputation as a good business town and an excellent place to raise a family.

An Aerial View of Nevada's new educational complex shows the new senior high school at the left, the Gates Memorial Community Building at the lower right, the community swimming pool behind the community building, and the athletic stadium and track in the background.

CAUTION....

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

STREET and AVENUE GUIDE
INCLUDING
TELEPHONE NUMBERS and HOME OWNER SYMBOLS

1966

Copyright, 1966, by R. L. Polk & Co.

IN THE FOLLOWING LIST THE NUMBERED STREETS ARE ARRANGED IN NUMERICAL ORDER FOLLOWED BY THE NAMED STREETS IN ALPHABETICAL ORDER, THE INTERSECTING STREETS BEING SHOWN. THE NUMBER OF EACH BUILDING ON THE STREET IS GIVEN IN NUMERICAL ORDER, AND OPPOSITE THE NUMBER IS PLACED THE NAME OF THE OCCUPANTS OR HOUSEOWNER OR TENANT. IN THE BUSINESS BLOCKS CONTAINING OFFICES THE OCCUPANTS ARE SHOWN BY ROOM NUMBERS WHERE PRACTICABLE, IN APARTMENT HOMES THE NUMBER DENOTES THE NUMBER OF THE APARTMENT. IN ALL STREETS BOTH SIDES OF THE STREET ARE INCLUDED IN ONE LIST. THE PROFESSION OR BUSINESS OF INDIVIDUALS OR FIRMS IS GIVEN ONLY AT THEIR RESPECTIVE PLACE OF BUSINESS; TO FIND OCCUPATION OF OTHERS REFER TO ALPHABETICAL LIST OF NAMES.

THE SYMBOL ® FOLLOWING A HOUSEHOLDER'S NAME INDICATES THAT WE HAVE RECEIVED INFORMATION DURING THE CANVASS THAT THE HOUSE IS OWNED BY SOME MEMBER OF THE FAMILY, BUT AS THE PUBLISHER CANNOT AND DOES NOT GUARANTEE THE CORRECTNESS OF THE INFORMATION FURNISHED, NOR THE COMPLETE ABSENCE OF MISTAKES NO RESPONSIBILITY FOR ERRORS CAN BE OR IS ASSUMED, NOR CAN THE PUBLISHER FURNISH FURTHER INFORMATION THAN THAT SHOWN.

TELEPHONE NUMBERS, AS SUPPLIED TO US ON OUR CANVASS ARE SHOWN OPPOSITE NAMES.

(THIS SECTION INCLUDES SOME LISTINGS READING "NO RETURN." IN EACH CASE THE PUBLISHERS TRIED DILIGENTLY, BY VARIOUS MEANS, TO OBTAIN THE INFORMATION FOR THE OCCUPANTS BUT WERE UNSUCCESSFUL. FIRST, TWO PERSONAL CALLS WERE MADE BY AN ENUMERATOR; NEXT, A DOUBLE POSTAL CARD WAS MAILED AND THE TELEPHONE USED WHEN POSSIBLE.)

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for THREE HUNDRED and FIVE days, therefore 1000 x 3½ x 305= 1,067,500.

CONSULTATIONS OR CIRCULATION CONSULTED

Don't Use An Old Directory!

●

One address taken from an old Directory may send you miles out of the way and waste a whole day's time. You take pride in keeping a fresh stock of merchandise on your shelves—

●

Why not avail yourself of fresh information for your daily use?
